Re: New Distance Learning Webpage

Dear Anaheim Elementary School District Families,

There are 28 days left to this school year and we are committed to be here to offer support to you and your children until the very last day of school. We are continuously working to enhance the resources we offer you and how we are making those resources available. As a reminder, all school principals and teachers are available via email for on-going communication. You can access their emails through the directory on your child's school website.

We want to share with you that we have created a new [aesd.org/distancelearning](https://www.aesd.org/distancelearning) webpage that organizes the resources that we have previously shared with you to support Distance Learning. This new webpage also provides links to additional community resources available to support families who may be experiencing difficulties during these times, including information on how to mental health resources. We can't emphasize enough that the well-being of your child and your family is the most important thing, so if you need help, please reach out to one of those organizations immediately.

Kind regards,  
Dr. Christopher Downing  
Superintendent
