May 20, 2020

Dear Anaheim Elementary School District Families,

As we plan for the next school year, which is scheduled to begin on August 13, 2020, we continue to be guided by the information that we are receiving from state and local health and education officials. Additionally, as we previously mentioned, we have also created a School Reopening Advisory Committee with representation from all AESD stakeholder groups.

As part of our process, we would also like to give all AESD parents/guardians the opportunity to share their thoughts. We kindly ask you that you take a moment to complete the school reopening survey that is available through [this link](#) and on our aesd.org website. Only complete the survey one time per household.

There are many factors that will influence how school will look next school year. Many factors are outside our control and are constantly changing, but we are confident that the safety and well-being of our students and staff is the priority for all of us. Thank you for your on-going support and partnership, and we look forward to continuing to work with you as we navigate this new environment.

Kind Regards,
Dr. Christopher Downing
Superintendent
